And many more links represent other jobs.....

I ask each adult here tonight to step forward and do your part. The jobs are endless. The more we do, the more we offer our Scouts. Our pack is strong, we can be much stronger with help from each person in this room. Please sign up tonight and become a link in this wonderful scouting chain.

By your participation in the pack program, we can continue the Cub Scout program that was started \_\_\_\_\_ years ago when this pack was originated. There are always positions to be filled and volunteers needed. Please examine the portion of the registration form on volunteer positions and help us keep the pack going.

There is an oaktag volunteer sign up sheet for specific activities. Please step forward to chair or be on the committee to make these events happen. By everyone helping a little, a WHOLE LOT can happen for our children.
