

Minsi Trails Council, BSA Publicity Policy and Photo Refusal Form

Photographs and video of members and volunteers involved in various Scouting-related activities are often used as part of council publications and publicity to help promote our programs. While we look for opportunities to showcase the programs and activities of the Minsi Trails Council, it is important that we take into account the privacy of our members and their families.

If for any reason you do not want photographs, video or similar representations of your child used in Council publications, please complete the form below and return it to the Council office:

Minsi Trails Council, BSA,
P.O. Box 20624
Lehigh Valley, PA 18002-20624

Otherwise, please look forward to future Scouting publications and publicity that may feature your child's achievements or participation in Scouting activities.

I do not give permission for the Council to use my child in photographs, videotaping or interviews that will be used in publications or productions without my approval.
