

# INTO ADVENTURE THIS SUMMER WITH

## Sea Scout Ship 940 and Maritime Club 940

For over 100 years **Sea Scouting** has promoted better citizenship and improved members' boating skills through instruction and practice in water safety, boating skills, and in outdoor, social, and service experiences

Sea Scout units, called ships, are established all across the country on oceans, bays, rivers, and lakes. They provide limitless opportunities and exciting challenges that you won't find anywhere else. Sea Scouts is a place to grow and learn, find adventure, and build long lasting friendships. You and your shipmates lead your Sea Scout program, so you make it what you want. In Sea Scouts, you build your own adventure!

Young people **ages 14 – 20** may be Sea Scouts. Sea Scouts can still be in their Scouts BSA troop at the same time!

The **Maritime Explorer Club** is a special-interest Exploring program that offer boys and girls water-based adventure and career exploration. Adventures include an emphasis in, on, or under water such as sailing, paddle sports, or other types of boating. Career discovery includes maritime-related fields. Club members can participate along with the Sea Scout Ship in many of the same activities. Youth learn from experienced practitioners and professionals, as well as thru hands-on maritime experiences. This is lifelong learning, in an exciting, informal format.

Girls and boys **ages 10-14** who have not completed the 8<sup>th</sup> grade can join a Maritime Explorer Club. Many youth in the Maritime Club join the Sea Scout Ship when they turn 14 and continue their adventure!
